

Travels  
of a programming couple

## WHO WE ARE AND WHAT MAKES US UNIQUE

We are a **couple of programmers**, who love to **travel**.

**Magdalena** is the organised one, keeping track of the tickets and accommodation, she's also the best trip planner in the world. **Przemek** is always in charge of the details about the places we'll be visiting as well as the photos.

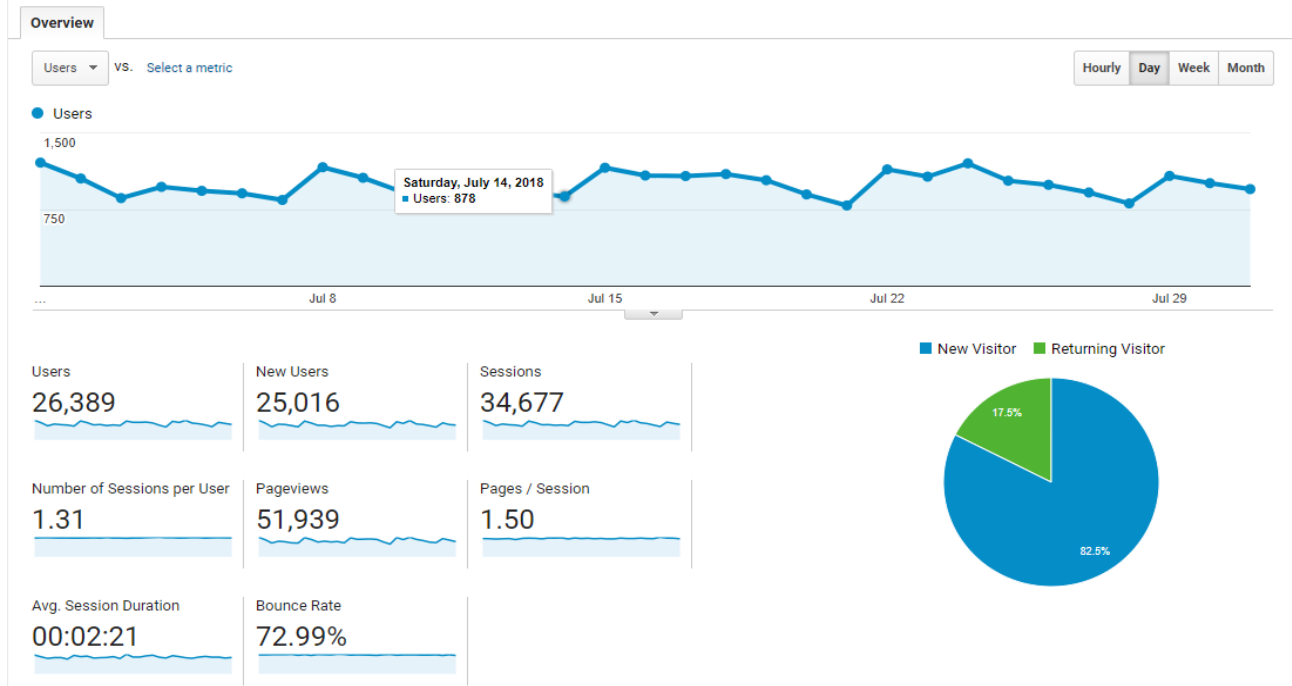

Being **engineers** makes us want to know how everything works and there is probably no place in the world that wouldn't cause us to ask "why?", "what?" and "how?". We tend to include this specific, **geeky point of view** in our articles, making it something unique - something we would like to read ourselves.

Our main, native language is Polish, but recently we decided to take off with an English version of our site, the English posts are on the way.

## STATISTICS

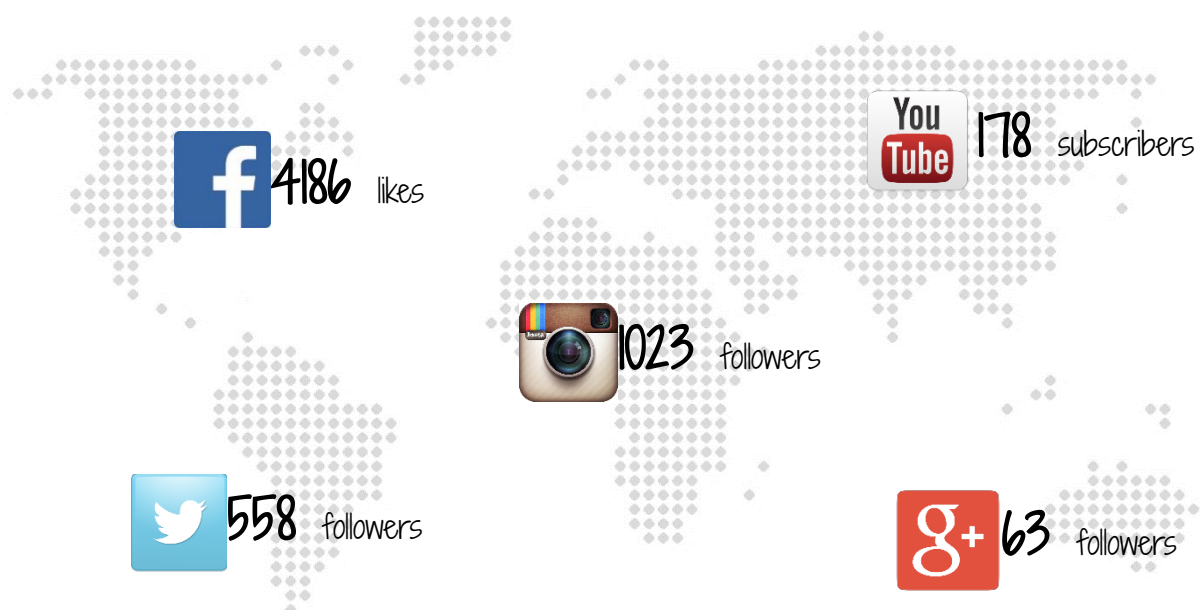

**Unique users: 22 733** per month (avg. for last 3 months)

**Odstony: 45 552** per month (avg. for last 3 months)

Data as of August 2<sup>nd</sup> 2018, Google Analytics, statistics for July 2018.

## COLLABORATION

Forms of cooperation with us:

- Partnership during our travels (hotels, hostels, tourist organizations, local tourist attractions, transportation companies, etc. ),
- Travel-related products and services reviews (outdoor gear, electronics, photo-video accessories, books, geeky stuff, etc. ),
- Sponsored study tours and press trips,
- Brand ambassadorships,
- Travel presentations,
- Any other interesting, non-standard form of collaboration!

We have an individual approach to each of our partners. Do not hesitate to contact us!
